

APPENDIX G: ROUTE MINORITY/LOW-INCOME STATUS

The table below shows the minority/low-income status of all routes. This data is based on Census and American Community Survey data. It will be updated with the results of our Origin & Destination Survey as soon as those results are available.

Blue highlighting indicates the route is considered a minority route and yellow highlighting indicates that the route is a low-income route. A 33% threshold was used per Section 4.4 of this document.
