TRAC Minutes
March 2026

Hampton Roads Transit's Transit Riders Advisory Committee (TRAC) met on March 4, 2026, in Norfolk. The committee did not have a quorum.

TRAC members in attendance were Heather Cutrone and Bernardo Johnson. HRT staff in attendance were Rodney Davis, Antoinette White, Jessie Stokes, and Henry Ryto. General public attendees were Denise Johnson and Felicia Holley.

Antoinette White, Director of Service Planning and Scheduling, briefed TRAC on the May 10 service board changes. The highlights were:

- A new Route 981 will provide two morning and two afternoon trips daily between Downtown Norfolk Transit Center and the Virginia Beach Amazon facility (ORF4) with stops at Ballentine Station, Newtown Station and Tidewater Community College in Virginia Beach.
- Several schedule adjustments will be made in support of shift changes at Newport News Shipyard.
- In the interest of efficiency, several 400-series routes will be revised.
- VB Wave routes will be activated for the summer season.
- Route 33 service to 68th Street and Atlantic Avenue will be restored.
- Route 45 will change its direction of travel from counterclockwise to clockwise upon entering the loop at Starmount.
- Route 29 will depart Lynnhaven Mall five minutes earlier, and the First Colonial & Donna time point will be eliminated. These changes are expected to improve on-time performance for the outbound Route 29.

During his Director's Remarks, Rodney Davis, said:

- A contractor will be working on leveling the concrete slabs in the bus lane at the DNTC beginning March 8.
- A new mobile fare compatible Ticket Vending Machine will be installed at the DNTC on April 13. Light rail stations will be equipped later.
- The MEAC Tournament will be held at the Scope, March 11-14.
- The GoMobile app officially launches March 16.

During her Chair's Remarks, Interim Chair Heather Cutrone said she was looking forward to the launch of mobile fare and thanked HRT for the enhanced security at Newtown Road Station.

The meeting adjourned at 6:47 P.M.
